

## **Consummation**

(1<sup>st</sup> chorus)

Lord, I need You  
More than anything I want You  
Still, more than anything I love You  
This is what You've made me for

Beloved, come closer  
Let me whisper sweetly to You  
That I'm thrilled to be so near You  
In Your gaze I am consumed

1<sup>st</sup> Chorus 2x

Come even closer,  
Let me feel Your breath on my cheek  
Let me know the touch of Your love  
As you take me in Your arms

(2<sup>nd</sup> chorus, 2x)

For You're lovely  
So completely in Your beauty  
Shining purely in Your glory  
You make my heart desire You more
