

From The Fields of Boaz

You came into my life
To separate
The darkness from the light
You've shown a love unfailing
A love that cast away
All my fears
It's You I've put my hope in

(chorus)
You are my redeemer
You've redeemed my life
From the curse of death
It's You I can believe in
You've freed me from
The lies that had me bound
It's You I'll always trust in
I know Your love
Will never let me down

You've kept all Your promises
To never leave me
You've stayed right by my side
Through every situation
You know my need
And always provide
Now You are what I'm living for

Chorus

(bridge)
So take all You see in me
And shape it into
What pleases You
You've given me everything
So I will hold back
Nothing from You

Chorus

Thank You for Your love
