

My Everything

Lord, I want to know You intimately
Loosing myself in Your eyes
Feeling Your heart beating against my cheek
Surrounded by Your arms I'm satisfied

(chorus)
I need, I need You as my savior
I need, I need You as my best friend
I need, I need You as my father
I need You, Lord
You're my healer, my comfort, my everything

Lord, I hear Your gentle voice calling me
Into sweet communion time
Holding Your hand and dancing in Your arms
I know that I am Yours and You are mine

Chorus

(bridge)
Now all my desires come from
The fire You've placed in me
You call out to me,
"Rise up my love and come away with Me"

Chorus

You're my true love, my Jesus, my everything
